ADDENDUM NUMBER 1

DATE: 05 December 2014
BID NAME: Westowne Elementary School
BID NUMBER: MWE-809-15
DUE DATE: 19 December 2014 (No Change)
DUE TIME: 10:00 AM EDT (No Change)
PUBLIC OPENING: 19 December 2014, 10:10 AM EDT
TOTAL PAGES: 35

The following revisions and responses to questions are made to the original bid document. This addendum forms a part of the Contract Documents and modifies the Original Bidding Documents accordingly and as noted below. Acknowledge receipt of this Addendum in the space provided on the Bid "Addenda" form.

GENERAL
1. Question: I believe the spec on this project calls for the pipe bollard tops to be formed by hand. We manufacture a precast concrete bollard cap that makes this process faster, less expensive and completely uniform.
   Answer: A precast cap is acceptable.

2. Question: We just received the bid documents for Westowne Elementary School (MWE-809-15). I don’t know if I’m missing something, but the scope of work for Waste Management (01A) references a “Construction and Demolition Waste Proposal Form,” which I can’t seem to find. It says it’s used to establish the contract amount, which is what I’m used to seeing on other projects with you in the past. Could you please let me know where I can find this? Thanks!
   Answer: This is addressed under specifications below.

3. Question: In the Scopes of Work there is included a sketch that does not appear to be to scale. Can it be issued in a scaled Drawing?
   Answer: See attached Revised - Scaled Temporary Road Access

4. Question: When can Demo Contractors visit site to inspect the existing building?
   Answer: BCPS intends to have the existing School open and available on Friday December 12, 2014 between 1:30pm and 3:30pm.

5. Question: ISCO Industries request clarification on the circuit piping. Drawing MS0.1 indicates 16 bores per circuit… while detail 3 on M7.2 shows 20 bores per circuit. If we only have 16 bores, then what is the impact of the piping sizes? As shown it would stop at 3”… with that running back to the building?
   Answer: See revision to Drawing M7.2 below for response
6. **Question:** Will MBE percentages include the Alternate prices?
   **Answer:** At the time of bid only the base bid will be reviewed for MBE percentages.

7. **Question:** Would BCPS consider reducing the MBE requirement from 27%? That goal is very high and will make it very difficult to achieve that goal, while still self-performing 25% of the work. Thank you
   **Answer:** The Asian Sub Goal will be removed. See below for additional information.

Note: Failure to check one of boxes 1, 2, or 3 below will render a bid non-responsive or an offer not reasonably susceptible of being selected for award.

   I request a partial waiver as follows:

   • Waiver of overall MBE subcontract participation goal: _____ %
   • Waiver of MBE subcontract participation subgoals, if applicable:

END OF SECTION
Westowne ES – Pre-bid Meeting Minutes
BCPS Solicitation No.: MWE-809-15 (PSCP No. 03.159.15 LP)

Attendees: List is included with Addenda No. 1

Meeting Date: December 2, 2014

BCPS Purchasing Comments:
- BCPS’ Project Manager George Thomas, the Design Architect from GWWO Brian Weisgerber, and the Construction Manager from Gannett- Fleming Bud Martin and Kurt Buckler were introduced.
- The 2A Contractors must be pre-qualified through Baltimore County DPW as a Category “B” Contractor prior to the bid date. Also the 2-A’s Abatement sub-contractor must also be pre-qualified by Baltimore County DPW prior to the bid.
- The MBE %’s are indicated in the documents for the three contracts as: 1A- 0%; 1B- 5%; and 2A- 27% that includes 7% African American Sub-goal and 4% Asian American Sub-goal. All proposed MBE sub-contractors must be State of Maryland M-DOT certified.
- This project is a State of Maryland Wage Rate job. Contractors will be required to submit weekly payroll to the Construction Manager (Gannett- Fleming) every week throughout the entire project until the Purchase Order is closed out.
- Following this meeting, any questions concerning this project must be e-mailed to BCPS’ Purchasing Agent Melanie Webster at mwebster@bcps.org or fax’d at 410 887-7831.
- Contractors were reminded that a complete bid must be submitted which includes the entire Form of Proposal Division 00400 with MBE Attachment “A” and “B”. Also, the 1-B Contractors (Testing and Inspection) are reminded that a portion of their bid form is included in the “Scope of Work” Section.

Architect’s Comments:
- The project consists of the construction of a new 700 seat Elementary School on the site of the existing Westowne ES. Once the new school is complete and occupied, the existing School will be demolished and parking/ play areas will be constructed in its place. The first set of bids is for the Site Work (2A) to prepare the site for the building construction.
- The project includes several Alternates, which are currently shown on the drawings. A description of each will be added to the documents in an Addenda.
- Unit Prices will be added to the Documents in an Addenda.
Construction Manager’s Comments:
- The project is being constructed on an occupied Elementary School site. Therefore a very detailed schedule was developed and is included in the bid documents and will need to be followed throughout construction. Please note that the Geothermal Drilling can only occur during non-school hours due to the noise levels and is therefore scheduled during the summer of 2015 with the exact dates indicated in the schedule.
- There will be the addition to the 2A contract of moving two modular classrooms outside of the Limit of Disturbance during BCPS’ 2015 Spring Break. This additional work will be shown and specified in a future Addenda along with the scheduling of the work.
- A set of Construction Documents along with all issued Addenda will be available in the CM’s Office to review. Please contact Bud Martin at 410 241-3284 to schedule an appointment.

Questions:
- When can Demo Contractors visit site to Inspect the existing building? This will be addressed in an Addenda. BCPS intends to have the existing School open and available on Friday December 12, 2014 between 1:30pm and 3:30pm.
- In the Scopes of Work there is included a sketch that does not appear to be to scale. Can it be issued in a scaled Drawing? CM and Consultants will review and respond in an Addenda.
- Will MBE percentages include the Alternate prices? At the time of bid only the base bid will be reviewed for MBE percentages.
